AMENDMENT NO. 1 DECEMBER 2021

TO

IS 4711 : 2008 METHODS FOR SAMPLING OF STEEL PIPES, TUBES AND FITTINGS

(Second Revision)

(*Page* 1, *clause* **3.10**, *line* 2) — Substitute 'or other cross – section' *for* 'or the cross – section'.

(*Page* 2, *clause* **5.3**, *line* 8) — Substitute the following for existing Sentence.

'In the case of circular pipes and tubes with outside diameter less than or equal to 200 mm, the scale of sampling would be in accordance with column 2 and 3 of Table 1. In the case of all other circular pipes and tubes with outside diameter more than 200 mm and also pipes and tubes of non-circular cross section, the scale of sampling would be in accordance with columns 2 and 5 of Table 1.'
